

Non-regulated Products Import in Japan

Importing non-regulated products requires no government agency approval. However, all non-regulated products require some compliance for importing.

First Shipment with COVUE

Note:

- Only a licensed Japanese company can support Japan IOR services on behalf of the foreign seller.
- All non-regulated products must be registered and approved before shipping.

Why Choose COVUE?

Our license permits our clients omni-channel access to the Japanese market. Our Sales & Marketing license umbrella all sellers and resellers in Japan.
